

## Website and social media editorial

Anyone aged 55-74, who currently smoke or have ever smoked is eligible for a FREE lung health check with Stoke Lung Health Checks.

You will receive a letter or a text message asking you to call the UHNM Lung Health Check office on 07425627033 or 07827802713 to arrange a convenient appointment with one of our specially trained nurses.

This appointment will take place over the phone where we will ask some questions about your lungs.

Why do we invite you for a lung health check?

- \* Can detect lung problems before you get any symptoms.
- \* If a problem is detected early, treatment can be simpler and more successful.
- \* Lung cancer is one of the main cancers affecting people in Stoke on Trent.
- \* No judgement on smoking but if you do wish to quit we can arrange help.
- \* You are 4 times more likely to quit successfully with help and guidance.

If you have any questions please message [www.facebook.com/StokeLungHealthChecks](https://www.facebook.com/StokeLungHealthChecks)
